Venue

Knappschafts Krankenhaus Recklinghausen
Dorstener Straße 151
45657 Recklinghausen, Germany
Meeting Place: St. Barbara (room in basement)

Prof. Dr. med. Mohammad Tezval
Head Physician Trauma Surgery

**CME-Fortbildungspunkte
bei der Ärztekammer Westfalen-Lippe beantragt**

Dear colleagues,

Despite many suggestions, options for improvements and modern antibiotic therapies, infections in the field of orthopaedics and traumatology are still a great challenge. The World Association against Infection in the field of Orthopaedics and Trauma (WAIOT) is the first and the largest worldwide scientific association, focused on bone-related, joint-related, biofilms and implant-related infections.

The executive committee of WAIOT has prepared a programme of events concerning this important issue. We are honored to invite you to the first German WAIOT Symposium on the 8th June 2024 at Klinikum Vest, in the German city of Recklinghausen, North-Rhine Westphalia. A host of national and international experts will present useful lectures and topics concerning this important issue. In addition to the lectures, there will be two very interesting expert panels, in order to discuss this issue with all participants. During the coffee / snack breaks and the lunch break you will have the possibility to talk to and exchange ideas with colleagues from different parts of the world.

We hope that this venture will serve as an effective step towards the controlling and abatement of infections in our field. We wish you and our colleagues an interesting and useful symposium and hope to see you soon in Recklinghausen at Klinikum Vest.

Best regards,

Prof. Dr. M. Tezval Prof. Dr. J. Benevenia Prof. Dr. G. Lob
Head Physician Trauma Surgery President of WAIOT Member of the WAIOT Executive Committee

INVITATION TO THE FIRST GERMAN

WAIOT SYMPOSIUM

(World Association against Infection
in Orthopaedics and Trauma)

Saturday, 8th June 2024
8:00 am - 3:00 pm

Knappschaft Hospital Recklinghausen
in Recklinghausen,
Germany

Lecturers

Prof. Chingiz Alizadeh (Azerbaijan)

Department of Reconstructive Surgery, Scientific Research Institute of Traumatology and Orthopaedics Azerbaijan, WAIOT Executive Committee

Prof. Hazem Alkhawashki (Saudi Arabia)

King Saud University, College of Medicine, WAIOT Executive Committee

Prof. Lorenzo Drago (Italy)

Department of Biomedical Sciences for Health, University of Milan, WAIOT Executive Committee

Prof. Mohamed Fadel (Egypt)

Minia University, Department of Orthopaedic Surgery, El-Minia, WAIOT Executive Committee

Dr. Martin Glombitza (Germany)

Head of the Septic Surgery Section, Orthopaedics and trauma surgery, BG Klinikum Duisburg

Dr. Seyyed Hadi Kalantar (Iran)

Assistant Professor of Orthopedic and Trauma Surgery, Joint Reconstruction Research Center, Tehran University of Medical Sciences

Dr. Falk von Lübken (Germany)

Orthopaedics and Traumatology, Department of septic plastic hand and foot surgery, Bundeswehr Hospital Ulm

Mahmoud Olwan M.B., B.Ch (Germany)

Trauma and orthopaedic surgeon, Klinikum Vest, Recklinghausen

Prof. Carlo Luca Romano (Italy)

Orthopaedic surgeon, Studio Medico Associato, Milan, WAIOT Executive Committee

PhD. Dr. Jochen Salber (Germany)

Chairman of the department of experimental surgery, University Knappschaft Hospital, Langendreer, Bochum

Prof. Mohsen Tavakoli (Iran)

Orthopaedic surgeon. President of the Persian Orthopaedic Trauma Association, Iran

Prof. Mohammad Tezval (Germany)

Chief of Department of Traumatology, Sports Traumatology and Hand surgery, Klinikum Vest, Recklinghausen

Programme

08:00 - 08:30 a.m.	Registration
08:30 - 08:35 a.m.	Welcome speech
08:35 - 08:40 a.m.	About the federal state: North Rhine-Westphalia
08:40 - 08:55 a.m.	About WAIOT
08:55 - 09:10 a.m.	Microbiology of periprosthetic infection
09:10 - 09:25 a.m.	Bacterial biofilm: a double risk for orthopedic surgeons and microbiologists
09:25 - 09:40 a.m.	Classification and expert systems for optimising the choice of surgical intervention in the field of chronic osteomyelitis
09:40 - 09:55 a.m.	Discussion
09:55 - 10:15 a.m.	Coffee break
10:15 - 11:00 a.m.	First panel Intraoperative measures, arrangements and options for infection prophylaxis
11:00 - 11:15 a.m.	Ilizarov principles in the field of post-infection leg bone defects
11:15 - 11:30 a.m.	Bone defect management in hip revision surgery
11:30 - 11:45 a.m.	Infected war wounds: Different strategies to treat 4MRGN infected wounds
11:45 a.m. - 12:00 p.m.	The combination of complementary antimicrobial strategies to support surgical revisions in implant-associated infections using the example of one-stage septic endoprosthesis revisions
12:00 - 12:15 p.m.	Reconstruction strategies in the field of septic surgery. A well-tried paradigm shift.
12:15 - 12:25 p.m.	Discussion
12:25 - 1:15 p.m.	Lunch
1:15 - 2:00 p.m.	Second panel Time of revision, septic nonunions
2:00-2:15 p.m.	Fungal bone and joint infection treatment. A meta-analysis and treatment algorithm
2:15-2:30 p.m.	Infected defective nonunion
2:30-2:45 p.m.	Management of infections in the field of orthopaedic surgery and traumatology in the Kingdom of Jordan
2:45 - 3:00 p.m.	Take home message
3:00 p.m.	End of symposium
